WORST WEEK OF THE SEMESTER,
FINALS.

BUT REMEMBER IF YOU WERE TO TAKE THOSE FINALS TEN TIMES, YOU PROBABLY FAILED NINE BUT NOT THIS TIME!

THIS TIME WE WILL PERSEVERE, THIS TIME WE WILL WIN, THIS TIME, YOU WILL GRADUATE.

The End is Near

So here we are, reaching the end of another year and another adventure. For some it means venturing off into the real world, for others it means enjoying summer jobs/break waiting to commence the following fall semester. There is plenty to do this summer, with full time jobs and internships lined up to simply being able to head home for the summer and relaxing another year. Everyone has something to do. Remember however there is still two weeks left in the semester, one of them maybe the worst week of the semester, finals.

Recently your Junior ChemE class and some seniors got to go to University of Iowa for the AIChE regional conference. Many competed in the ChemE car competition and other came to hang out. Here are some of the results of the competitions!

ChemE car Competition:
Travel– 65 ft with 200mls of water

How did OSU fair?
Team Slow pokes– 3rd Place
Team Dang– 5th Place
Team Shake and Bake– 6th place (before being Disqualified, but we shall not discuss that)

Poster Competition:
Team Slow pokes– 2nd Place

Paper Competition:
Caroline Abraham

The OSU teams faired very well in the long run having 14 teams total in the competition and having all of them in the top half was an excellent showing.

The Slow pokes team now qualify for the national competition which will be held in Atlanta Georgia, in the upcoming fall semester and will compete with their car THE DARK KNIGHT.

Overall the trip was a great experience, having fun 12 hour car rides and getting to know people better in your classes and simply having a great time overall.

We also want to thank the University of Iowa for hosting a tremendous conference. The completion went very smoothly and the campus is beautiful. There is plenty to do on and off campus and it is definitely the place to be if you absolutely love CORN!
